# REGISTRATION PROCESS

This book is designed to give you an overview of everything that is getting started this winter-spring at Evangel. You may wonder why there are so many class options or why you should even be involved in a class. There are several good reasons why you should pick at least one of these classes to be involved with.

First, we are called to pursue a deeper understanding of God's character through life-long Bible learning. No matter what type of class you choose, it is firmly rooted in God's Word, and through it, you will gain a better understanding of who God is. Second, it is good to regularly connect with other believers to share life experiences and meet each other's needs. These life-sharing relationships will grow as you spend time with other believers, and each class gives you the opportunity to do just that.

## **Adult Registration Process**

*There is one envelope for all your adult class registrations!*

If you are registering for an adult class, you will find one all-encompassing registration envelope at the Information Center in the foyer. Just fill in your name, address, phone number(s), and email address and include your registration fee(s) in the envelope. Drop your completed registration envelope in the slot labeled "Winter-Spring Class Registration" at the Information Center. *Even if your class does not require registration, please use this envelope to indicate your interest so that we can prepare for the expected class attendance or inform you when there are cancellations or changes to the regular class schedule.*

# Student and Kids Registration Process

All student and kids classes are continuing from the previous session. Student classes do not require any registration or fees, and students may join the classes/activities at any time. Kids activities require registration, but you may register at any time during the session.
